Dr. L. L. Cavalli-Sforza
18, Via Fatebenesorelle
Milano, Italy

Dear Luca:

Our recent letters have crossed one another. If you can be here in August certainly we will plan to be also. We had some question about possibly going to the Rome Conference - Gedda had invited me (with fare), but probably not.

Florence in April is also uncertain - it may depend partly on the extent of participation of U.S.S.R. biologists. I will let you know.

Cordially,
